

ELOA STOCK HOUSE

Summer Savings

94% of people don't know UV exposure is bad for their eyes and 5-10% of skin cancer occurs on the eyelids. Crizal is the only No-Glare range on the market offering the most complete protection against the invisible and often irreversible dangers of UV reflection, and the most enduring clarity of vision by fighting the 5 enemies of clear vision—glare, scratches, smudges, dust and water.
